Our Mission

We believe that quality materials and craftsmanship are top priority and we will continuously look to provide new aviation solutions. We always put the client first and work to ensure long-term relationships.

About Us

Sheney & Co was started over 10 years ago. Working together with my wife, we successfully designed an all new helicopter insulated cover with the help of some great (and very qualified) textile designers. Our products have consistently shown to be of top quality and our shop. Our commitment to providing quality products alongside top quality service. We have been the premier go-to shop for the aviation industry for over 10 years. We invite you to review our product catalog, and look forward to meeting your aviation cover-product needs.

We specialize in Aviation protective covers, exterior plugs, interior upholstery, carpet kits, seat covers and more. Please have a look at our catalog for a detailed description of what we manufacture right here in Kingston Ontario Canada.

Sincerely,

Jason & Milca Sheney

Below are some examples of our craftsmanship and quality:

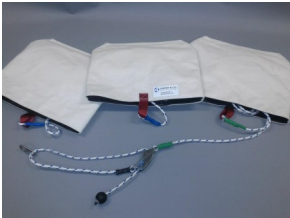

Bell 214ST Engine Cover

Bell 205 Engine & Blade Covers

Bell 206 Blade Tie Down

HELICOPTER COVERS

AS350 Blade Tie Downs

Bell 214ST Engine & Head Cover

Bell 206 Exhaust Covers

Bell 205 Engine, Head & Blade Covers

AS350 Engine, Head & Blade Covers

Bell 206 Tail Rotor Cover

Bell 206 Blade Tie Down

Bell 205 Tail Rotor & Gear Box Cover

INSULATED COVER DESIGN

THINSULATE™

The original warmth without the bulk. Inch for inch, no other insulation keeps you warmer than Thinsulate. When you compare equal thicknesses, Thinsulate Insulation provides up to twice the warmth of other high-loft insulating materials and nearly one and a half times the warmth of down.

CORDURA™

CORDURA® fabric is what many of the most respected brands, retailers and militaries around the world use when they need to make a product that's durable, versatile and reliable. Constructed using high tenacity fiber technologies, weight for weight CORDURA® fabrics are exceptionally durable.

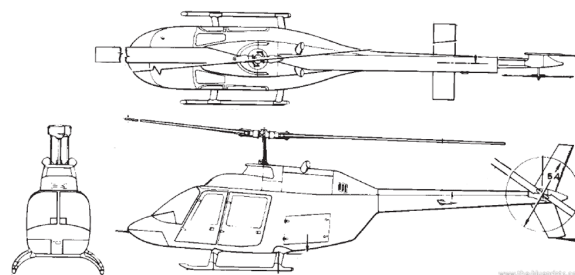

No matter the application, our fabrics are simply "best-in-class."

HELICOPTER INTERIORS

Interiors

We have been successfully doing interior refurbishments for the aviation industry for over 10 years, and all of our interior products come with the required Certificate of Conformance and are of quality workmanship.

Choose from the included material sample sheets on pages 27— 31, or let us know your preference and we will help you find what you're looking for. Please contact us for further information and pricing.

Seat Refurbishing

All seat refurbishing includes new materials and foam that meets FAR 25.853, along with 12 and 60 Second Vertical Testing.

Protective Seat Covers & Passenger Troop Seats

All of our protective seat covers have been designed to fit the original seating and we carry seat covers for most helicopters. All materials used in the refurbishing process comply to FAR 29.853(a) and 25.8539(a). Additional flame testing is available depending on your certification requirements.

Acoustic Walls

All materials used in the refurbishing process comply to FAR 29.853(a) and 25.8359(a). Additional flame testing is available depending on your certification requirements.

Carpet & Paneling

We have a large selection of carpet kits and interior paneling suitable for most helicopters. All materials used in the refurbishing process comply to FAR 29.853(a) and 25.8359(a). Additional flame testing is available depending on your certification requirements.

Bell 205 Stanchions

All materials used in the refurbishing process comply to FAR 29.853(a) and 25.8359(a).

Included with the finished product is a Certificate of Conformance and pertaining documents. Additional flame testing is available depending on your certification requirements.

Cargo

Refueling Kit Bag

Double lined with fuel resistant material, will not leak from fuel spillage. 1 year warranty.

Built by Sheney & Co. Manufacturing

Dual Controls Case

Controls secured in place within a hard case to prevent flexing. 5 year warranty.

Built by Sheney & Co. Manufacturing

Emergency Stretcher Carrying Case

Padded, 2-step securing system with an easily accessible carrying handle. 5 year warranty.

Built by Sheney & Co. Manufacturing

Sheep Wool / Hide Seat Covers

Sheney & Co. Manufacturing proudly manufactures top, medical-grade sheep hide seat covers that are securely fastened to the seat at five points. Covers are available for all seat models, and come with a 5 year warranty.
